PROJECTS

Matrimony Site

This online matchmaking platform helps find your perfect match. Create a profile, search compatible singles, and connect securely!

Portfolio

I built [Portfolio], a Website, as a Full-Stack Developer. I designed the user interface (UI) and coded robust APIs for data handling. This resulted in faster loading times.

E-Commerce Platform

Running

An e-commerce project builds an online store for browsing and buying products. It includes a user-friendly catalog, secure checkout, and management tools. Targeting the right audience and ensuring mobile responsiveness are crucial for success.
